

Dear Friends of the NHSO,

This week, you may have received an invitation from The Community Foundation to earn a matching gift of \$50 for your favorite charity (sample below).

Please consider supporting the New Haven Symphony with your gift card. Here's how:

- Use your card at giveGreater.org by October 31. [Click HERE](#) to go directly to the New Haven Symphony's Profile
- Click the "Donate Now" button then click "Donate to NonProfit"
- You will land on the "Redeem Your 2011 gG Card" tab. The form is present for a \$50 gift (Click a button only if you want to change the amount of your gift).
- At the bottom of the order form you will need to enter your giving code. Your giving code is listed on the "I Give it Forward" card (see sample below, but refer to your PERSONAL code in the original email).
- If you are considering donating \$100, please complete a separate transaction and for the additional \$50. (I gave in my name and my husband's name in order to double my match. Our codes were the same, just add "F" for the second transaction.)
- Consider forwarding the email to a friend (not everyone has received the email.)

I realize this process is a bit unwieldy, but we appreciate your taking the effort to earn a match for the NHSO. A second phase of the campaign, which is open to the general public, will be promoted to the community in November. You may designate your gift in any way you choose (e.g. for our Buy-a-Note campaign) if you let me know your preference. The default setting contributes to the Annual Fund.

If I may assist you in processing your gift, please do not hesitate to ask.

Elaine C. Carroll
Interim Executive Director

** The Community Foundation is providing \$200,000 in "match funds". That may seem like a lot of money – and we think it is – but we hope it won't last long. We think the response will be so strong that those dollars will be gone very quickly. So, please... act now! Match ends Oct 31 or when funds are spent. Giving code is for one-time use.*
